

Lesson #3

Review: Lesson #2

Destination: Deer Creek

SKILLS

A. Turn Signals

1. Turn on turn signal 100 feet before turn in business and residential areas (at least 5 seconds)
2. Turn on turn signal 200 feet before turn in rural areas (at least 5 seconds)

B. Roundabouts (Square)

1. Stop or yield at correct place
2. Determine right-of-way
3. Make sure crosswalk and intersection are clear before proceeding
4. Select safe gap to join traffic
5. Signal intention when getting on roundabout (Square)
6. Signal when exiting

C. School Zones

1. When flashing yellow in a school zone – 20 MPH
2. 20 MPH on school days when children are present, even if no flashing yellow light

D. Rural Roadways

1. Tracking over grease spot
2. Maintain speed at 55 MPH or posted speed, or as conditions allow
3. 12-15 second target area
4. Orderly visual search pattern
5. Recognize all signs and warnings

E. Uncontrolled Railroad Crossing

1. Be alert for crossing with no gates or lights
2. Look for white cross buck or round yellow railroad sign
3. Look both ways as you approach
4. Listen for train sounds. Turn down radio and roll down window
5. If there is a train coming, stop 15 to 50 feet before the tracks
6. When train passes, check for another train

F. Overpasses/Bridges/Ramps

1. In icy and snowy conditions, remember bridges, overpasses, and ramps stay icier longer than other parts of the roadway

G. Rural Intersections

1. Identify intersection early
2. Identify your traffic control and cross traffic's traffic control
3. Remember rural driveways are intersections
4. When approaching, search and scan intersection
5. Slow and stop when necessary
6. When turning at rural intersections, slow to 10-15 MPH; yield to oncoming traffic when necessary

H. Angle Parking

1. Check behind you in mirror
2. Make sure angle parking spot is legal and clear of obstacles and pedestrians
3. Position car at least 6 feet from the car you are parking next to
4. Cover brake and signal
5. As soon as you can look directly down the first line of your parking spot (reference point), turn wheels and look to the center of the parking spot
6. Creep forward and stop before tires hit curb
